

## Gas radiant heater 12,000 Btu (propane)

This general-purpose propane heater is perfect for site huts and small workshops. Rugged, compact and easily portable.

**Gas Consumption**  
0.20kg per hour

### Code 13001

4 hrs	£4.80
1 day	£8.00
2 days	£12.00
3 days	£14.00
4-7 days	£16.00

## Gas tub heater 80,000 Btu (propane)

Industrial space heater, ideal for drying out buildings and factories. Simple to operate and economical to use. Safe double skin low temperature casing.

**Gas Consumption**  
0.9 - 1.8kg per hour

### Code 13002

4 hrs	£7.80
1 day	£13.00
2 days	£19.50
3 days	£22.75
4-7 days	£26.00

## Bitumen boiler

This 10-gallon tar boiler heats and melts bitumen for use in roof repairs.

**Gas and bitumen sold as a consumable.**

### Code 13011

4 hrs	£9.00
1 day	£15.00
2 days	£22.50
3 days	£26.25
4-7 days	£30.00

## Heater: oil

This powerful three speed heavy duty turbo dryer is ideal for carpets and upholstery best used in conjunction with a dehumidifier.

### Code 13045

4 hrs	£13.20
1 day	£22.00
2 days	£33.00
3 days	£38.50
4-7 days	£44.00

## Bitumen boiler ladle

### Code 13040

4 hrs	£0.90
1 day	£1.50
2 days	£2.25
3 days	£2.63
4-7 days	£3.00

## Bitumen boiler bucket

### Code 13041

4 hrs	£0.90
1 day	£1.50
2 days	£2.25
3 days	£2.63
4-7 days	£3.00

### Patio heater (propane)

This new design of radiant heater uses propane gas to power its infrared burner unit. It is ideal for use in workshops where doors are frequently opened. Other suitable applications include heating outside dining areas, terraces and gardens.

#### Code 13005

4 hrs	£12.60
1 day	£21.00
2 days	£31.50
3 days	£36.75
4-7 days	£42.00

Gas sold as a consumable.

### Cabinet heater (butane)

For fast and efficient heat at the touch of a button, this mobile heater is perfect and has automatic shut off should flame go out. Suitable for use in shops, offices or at home.

Gas Consumption  
0.06 - 0.3kg per hour

#### Code 13006

4 hrs	£7.80
1 day	£13.00
2 days	£19.50
3 days	£22.75
4-7 days	£26.00

Gas sold as a consumable.

### Gas blower heaters 110/240 volt (propane)

Designed with industrial and commercial users in mind, these fan assisted gas blowers will rapidly warm up warehouses, factories and workshops. Controllable heat output and safety overheat flame failure protection.

Gas sold as a consumable.

Code	Type	4 hrs	1 day	2 days	3 days	4-7 days
